

Description	Specification
Operating weight (kg)	14 000 kg
Type	Single drum compactor
Dimensions	
A: Overall length	6 093 mm
B: Overall height	3 140 mm
C: Approach angle front	
D: Approach angle back	
E: Machine width back end	
F: Machine width	2 300 mm
G: Drum width	2 130 mm
H: Articulation either side	35°

Description	Specification
Engine and transmission	
Make	Weichai Deutz
Model	WP6G125E202
Net power	92 Kw @ 2 000 rpm
Fuel tank capacity	220 L
Transmission type	Fixed shaft mechanical (gear) shift
Gradeability without vibration	30 %
Drum	
Static weight on drum	7 000 kg
Number of pads	132
Pad height	100 mm
Pad area	150.6 cm <sup>2</sup>
Compaction	
Nominal amplitude	1.8 / 1.0
Vibration frequency	28 / 35 Hz
Centrifugal force high / low amp	261 / 145 kN
